Awareness prog. on 'Transforming Agriculture through Solar Power: PM-KUSUM' organized by ICAR-KVK, Nimbudera

Nimbudera, Aug. 4

An awareness program on 'Transforming Agriculture through Solar Power: PM-KUSUM' was organized on Aug. 2 at ICAR-KVK, Nimbudera. This event was organized under the 100 days action plan initiative and aimed at educating farmers and rural youth about the benefits and applications of solar

power in agriculture. The program commenced with Shri Yatharth Sharma extending a warm welcome to the attendees and providing

comprehensive overview of the training program.

Dr. V. Damodaran, Senior Scientist and Head of ICAR KVK, Nimbudera, delivered a

comprehensive talk on the application of solar-powered equipment in the agricultural sector.

A short film was screened for the participants, illustrating how farmers can avail themselves of the PM-KUSUM scheme. Later, a field visit was arranged by the team of SMS, showcasing the solar system installed on the KVK premises. The team explained the setup and functioning of the solar equipment, showcasing how the KVK has benefited from its implementation, a press release from CIARI said.
